PROFESSIONAL SUMMARY

PM with experience in Tier-1 consulting (Capgemini) and Big Tech (Amazon), specializing in fintech and financial services product strategy. Combines business execution with technical depth in ML pipelines, LLMs, and blockchain/DeFi – grounded in formal certifications (MasterZ, Neural Academy) and applied ML research – enabling direct collaboration with data science and engineering teams alongside business stakeholders.

WORK EXPERIENCE

EU5 3P Product Manager (Apprenticeship) | Amazon | Paris, France | Sep 2025 – present

- Owned product strategy and roadmap for onboarding strategic B2B sellers (+€100M annual revenue) into EU5 Amazon Business, coordinating across Sales, Tech, Legal, and Ops in 5 markets
- Redesigned Salesforce-based CRM workflows using data-driven automation, reducing operational overhead by ~25% and cutting commercial cycle time end-to-end
- Defined and tracked funnel KPIs (lead-to-contract conversion, onboarding velocity) to drive prioritization decisions and report to senior stakeholders

Consultant | Capgemini – Technology Consulting | Milan, Italy | Sep 2023 – Aug 2025

- Delivered financial modelling and process reengineering for Tier-1 banking clients operating in highly regulated financial environments, contributing to ~€2M in documented cost savings
- Built market analysis models and risk assessment tools to support executive decision-making on digital transformation roadmaps
- Designed KPI frameworks and data reporting structures, presenting insights to C-level stakeholders at regulated financial institutions

EDUCATION

Master in Management – GPA 3.8/4.0 | ESCP Business School | Turin · Berlin · Madrid · Paris | Sep 2022 – Sep 2026

- Specialisations: International Business Consulting & Corporate Finance / Financial Markets
- Programme includes integrated professional apprenticeship years (standard ESCP MiM format: Capgemini, Amazon)
- Thesis: A Data-Driven Decision Support System for VC Valuation — built end-to-end ML pipeline (XGBoost, Random Forest, SHAP) on 10,000+ companies using investor co-investment network features; outperformed DCF/comparables baselines. Network topology methodology transferable to blockchain ecosystem and on-chain signal analysis. (Under review: ICIS 2026, WI 2026)

Bachelor's in Business & Management – 110/110 | Università degli Studi di Torino | Turin, Italy | Sep 2019 – Sep 2022

- Core focus: corporate finance, financial accounting (IFRS), business strategy, and quantitative methods; graduated summa cum laude — highest grade achievable in the Italian system
